
Things that make me happy

(Monday, 19 March 2007) - Contributed by Adam (Vergil) - Last Updated ()

Articles that claim that the Wii is winning the console race. Go Nintendo! Though apparently, I need to play through OoT again because I'm like the only person who thinks Twilight Princess was a better game than it and maybe if I do that I can remember something I'm forgetting about the quality of that title.
